Re: Nil salaried Professor position

October 13, 2016

Dear Dr. Foster

I would like to take this opportunity to offer you a position within the Faculty of Pharmacy & Pharmaceutical Sciences at the University of Alberta as a Professor (nil-salaried). This is a honorary adjunct position that does not require any specific duties or provide you with an emolument. I would like if possible for you to come back to the Faculty and provide us with a lecture on your career accomplishments at a mutually convenient day and time.

I am particularly proud of your accomplishment as being in the first cohort of recipients of a PharmD in Canada back in 1985. I will also be recognizing this achievement on a wall somewhere in our building at a later date.

I would also like to invite you and your significant other to the Faculty Christmas Reception at the Faculty Club December 16 starting at 5:00 pm.

Sincerely,

Neal Davies, B.Sc. (Pharm), PhD, R.Ph.

Dean & Professor
